

REMARKS

Sequence Listing

In the Office Action mailed on December 13, 2006, the Examiner disapproved of the sequence listing. Accordingly, Applicant submits herewith a Statement under 37 CFR § 1.821(f) and (g), a computer readable sequence listing, and a paper copy of the sequence listing.

Priority

The Examiner has made a request to Applicant to file a proper priority claim in compliance with the requirements of 37 CFR 1.63(c). Accordingly, Applicant has provided a new declaration which identifies the filing of the foreign priority properly identified by its application number and filing. Furthermore, Applicant has amended the specification to reference the priority document.

Amendments to the Claims

Applicant has amended claim 11 to read: "sequence" rather than "sequences."

SUMMARY

It is believed that the foregoing amendment and argument deals with all grounds of objection and rejection, and that the claims remaining in this application are in order for allowance.

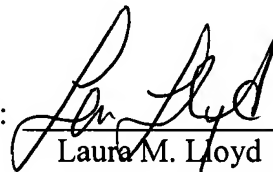

Should the Examiner believe that prosecution of this application might be expedited by further discussion of any remaining issue, the Examiner is cordially invited to contact the undersigned representative for the Applicant by phone at (619) 230-7478 or by email at llloyd@gordonrees.com.

Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 50-1990 and please credit any excess fees to such deposit account.

Respectfully submitted,
